

Campership Information and Application

Purpose

Skyland Camp & Retreats established a campership financial aid program to provide camp tuition assistance for campers whose families would not otherwise be able to afford the Skyland experience. The program also strengthens the Skyland community by making camp more accessible to campers of diverse backgrounds.

Eligibility

Families are required to complete online registration for their camper prior to submitting a campership request/application. No campership application will be accepted without a completed registration. To register, go to www.skylandcamp.com > Girl's Camp > Girl's Camp Dates and Rates > Choose your session and click "Register".

- Financial aid does not automatically renew each year, and families are not guaranteed to receive financial aid based on past awards.
- Multiple applicants from one family or household are eligible to receive financial aid.
- Skyland financial aid may only be applied to the cost of program tuition. Financial aid may not be applied towards past due fees, camper spending accounts, or the required program deposit.
- The following individuals are not eligible to receive financial aid: Campership Committee members, donors to the program, American Camp Association (ACA) board members, ACA officers, persons in a position to exercise substantial influence over the ACA within the last five years, persons who have contributed in excess of \$5,000 to the ACA within the last year, or immediate family members of any of the foregoing persons.

Application

The Skyland Campership Financial Aid Application should be completed by the camper's parent/guardian.

Applications must be sent no later than April 1st to be considered for an award for the coming summer. Each application must include a copy of the family's most recent filed tax return (first page of the 1040). All sections of the application must be filled out. Incomplete applications will not be accepted by the Campership Committee.

If campership funds awarded are deemed by the family to be not enough to support the applicant's needs, the family may cancel their registration within 14 days of the award notification. In such cases, the family will receive a 100% refund of any fees paid, including the tuition deposit. While we cannot guarantee tuition assistance for every applicant, we hope that no one will be discouraged from applying simply because of cost. With that in mind, please indicate on the application if your camper would be able to attend only with financial assistance.

Notification and Distribution of Awards

Families will be notified of award decisions 60 days after Skyland's receipt of all required documents. The amount awarded to any camper shall not exceed the cost of tuition minus the deposit required for their chosen program for that particular season. The amount awarded will be automatically deducted from the cost of the camper's tuition upon the family's acceptance in writing of the award.

Additional Requirements of Recipients

Campership recipients (or their families) are asked to send a letter of appreciation to the Campership Committee after returning from their camp session. These letters may be used towards fundraising efforts in the future. The letters should articulate how attending Skyland Camp positively impacted the awardee's summer, any new learning or new connections, and experiences they particularly enjoyed during their time at camp.

The identities of fund recipients are kept private except with permission from the camper and her family.
